RE: PHILIP MORRIS BETA PROJECT

Dear Charlie:

I have made the search requested in your letter of October 20, and as a result am enclosing copies of the patents and publications listed on the attached sheets.

The search was conducted mainly in Class 361, Subclass 502 (including the Examiner's collection of foreign art and publications), but I did some work in Subs. 305, 434, 503, 508, 516 and 522. I believe this coverage is reasonable for present purposes, but will gladly continue looking if you want more extensive coverage.

My statement is attached.

Sincerely,

Robert A. Ostmann
